# The United Kingdom (UK)

The United Kingdom (UK) is an island made up of 4 countries.

- England
- Wales
- Scotland
- Northern Ireland

Where the land meets the sea is the coast.

Going to seaside is going to somewhere on the coast. Seaside towns are located on the coastline of the map.

Seaside holidays became popular during the Victorian times (1900s). This was partly because of the invention of the steam train which allowed tourists to travel and visit the coasts more easily.

Seaside holidays back then were very different. Most Victorians would go to a British seaside town, such as Blackpool or Weston-Super-Mare, because flying to another country wasn't an option.

Sunbathing wasn't in fashion back then, so Victorians would go to the beach fully clothed. 'Sea bathing' was done instead. Some beaches were divided for men and women.

Beaches were also a lot cleaner back then as there were not as many packaged foods and snacks.
