3. Barriers to future attainment (for pupils eligible for PP, including high ability)	
In-school barriers (<i>issues to be addressed in school, such as poor oral language skills</i>)	
A	Speech and Language skills and oral development are low on entry
B	Attainment on entry to EYFS is well below the chronological developmental bands for all, but especially for PP
C	By KS2, attainment for our children eligible for PP is broadly in line with that of our non-PP pupils, but overall attainment in 2017 in KS1 and KS2 did not match national averages
External barriers (<i>issues which also require action outside school, such as low attendance rates</i>)	
D	Overall attendance has been slightly lower than national 95.1%
E	The social and emotional challenges faced by a significant minority of our children can limit their capacity to access learning and make progress (and limit learning of peers)
F	Broadly speaking, our children's access to life experiences and learning opportunities away from school do not compare favourably to many children in other parts of the country
G	46% of our pupils are eligible for PP, this is higher than the national expected

4. Desired outcomes		
	Desired outcomes and how they will be measured	Success Criteria
A	Meet social and emotional needs of children experiencing barriers in order to promote learning	Targeted pupils are more secure in their lives Targeted pupils are accessing learning effectively Targeted pupils are making at least expected progress Where appropriate, targeted pupils are closing gap to target attainment Classes of the targeted pupils are accessing uninterrupted teaching
B	Further embed a well-resourced, highly engaging curriculum to enrich learning opportunities	All children, including PP, are accessing a subsidised menu of trips and experiences Trips and experiences are informing good quality learning outcomes Children speak enthusiastically about

		their learning experiences Progress exceeds national rates (especially for PP) Attainment is closing to national averages (especially for PP)
C	Accelerate progress of all pupils in order to close gap to nat. attainment, (with a constant focus on PP)	Enhanced staffing levels are identified as well used Enhanced staffing levels are identified as having positive qualitative impact on children's learning Progress exceeds national rates (especially for PP) Attainment is closing to national averages (especially for PP)
D	Raise attendance of all pupils in order to close gap to national levels, (with a constant focus on PP)	Effective relationships are in place with parents / carers of all children identified to be vulnerable to poor attendance Where appropriate, external services are providing support for children and their families Attendance is closing to national average (especially for PP)

5. Planned expenditure					
Academic year		2018-19			
The three headings below enables schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.

D. Raise attendance of all pupils in order to close gap to national levels, (with a constant focus on PP)	Ensure engagement with parent / carer of every child for whom there is a concern regarding attendance Attendance officer £18,000	School is mindful of the attendance is lower than the national average. Within this, attendance of our children eligible for PP is poor. Parental understanding of the link between good attendance & successful learning and securing their support to achieve it is the key. The Attendance Officer and Learning Mentor is the key staff resource in working with parents on attendance.	<input type="checkbox"/> Weekly meetings with Attendance Officer, Learning Mentor and SDSL to evaluate impact and needs. <input type="checkbox"/> Monthly attendance data analysis	LT, CO & AM	In each cycle of CAP Meetings

Other approaches					
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Cost £9000	Desired outcome
Enhanced attitude to or enjoyment of life / school / learning Positive life / learning experience results in at least expected progress for each targeted child	Programme of Clubs	Clubs run by specialists, particularly trampolining and street dance, offered opportunities for talented children to excel. Academic “basic skill” focussed clubs run by teaching assistants were well received by parents and children Less academic clubs (e.g. multi-sport, dance, trampoline, drama, craft, arts) were thoroughly enjoyed with high expressions of interest. There was no proven link between club participation and attainment or progress but learning and enjoyment in clubs was high.
